

# Safety Data Sheet

## Neutra-Lyze

### SECTION 1. IDENTIFICATION

<b>Product identifier</b>	<b>Neutra-Lyze</b> Electro-chemically activated solutions of sodium chloride (0.9% or less)
<b>Other means of identification</b>	Health Canada DIN # 02449536
<b>Chemical family</b>	Diluted mixture of oxychlorine compounds
<b>CAS #</b>	None (mixture)
<b>Recommended use</b>	Antimicrobial agent / Disinfectant
<b>Restrictions on use</b>	Not available
<b>Manufacturer</b>	Envirowise Solutions Inc. #441 – 5525 West Boulevard, Vancouver, BC. V6M 3W6 Tel: 1-888-709-3888
<b>Emergency Telephone Number</b>	Not available

### SECTION 2. HAZARD IDENTIFICATION

<b>Hazard classification</b>	Not available
<b>Dangerous components of the product toxicity:</b>	
Identification	None
Danger symbol	None
Toxicity	None determined
<b>Label elements</b>	
Signal word	None
Hazard statement(s)	None
Precautionary statement(s)	Under normal use conditions the likelihood of any adverse health effect is low
<b>Hazards not otherwise classified</b>	Not available
<b>Percentage of ingredients with unknown toxicity</b>	Not available

### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

<b>Name of Ingredient</b>	<b>Concentration</b>
Water	99.500%
Sodium Chloride	0.450%
Other	0.004%
Oxidizer as hypochlorous acid/sodium hypochlorite	0.046%

### SECTION 4. FIRST-AID MEASURES

<b>Inhalation</b>	If breathing problems develop, move into fresh air. If dizziness or nausea occurs seek immediate medical attention.
<b>Skin Contact</b>	If irritation appears, wash area with water.
<b>Eye Contact</b>	If irritated, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
<b>Ingestion</b>	Drink water to flush through and dilute.
<b>Most important symptoms and effects (acute or delayed)</b>	Not available
<b>Immediate medical attention and special treatment, if necessary</b>	Not available

# Safety Data Sheet

## SECTION 5. FIRE-FIGHTING MEASURES

Non-flammable or explosive; Neutra-Lyze consists of 99.50% water.

<b>Suitable and unsuitable extinguishing Media</b>	Not available
<b>Specific hazards arising from the product</b>	In a fire, cool containers to prevent release of free chlorine.
<b>Hazardous combustion products</b>	Not available
<b>Special protective equipment and precautions for fire-fighters</b>	In a fire, cool containers to prevent release of free chlorine.  Not available

## SECTION 6. ACCIDENTAL RELEASE MEASURES

<b>Personal precautions, protective equipment, and emergency procedures</b>	Not available
<b>Methods for containment and cleaning up</b>	Not available
<b>Spills, leaks, effluent handling procedures</b>	Neutra-Lyze is <0.9% sodium chloride (salt) solution and less than 0.05% available chlorine. Some localities allow this to be sent to open storm sewers, however local environmental regulatory requirements should be followed. If desired, spills can be washed to sewer with plenty of water or neutralized by sodium sulfite or sodium thiosulfate.

## SECTION 7. HANDLING AND STORAGE

Precautions for safe handling	Not available
Conditions for safe storage	Not available

## SECTION 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

No personal protective equipment is required under normal conditions. The following suggestions should be considered in case of accidental chlorine release due to acidification.

<b>Ventilation</b>	Open air or good room ventilation is normally adequate for the safe use of the product. Avoid breathing any vapours or fumes resulting from acidification ventilation.
<b>Respiratory protection</b>	In accordance with OSHA regulations (29 CFR 1910.134 and 29 CFR 1910.1000) fogging or spraying applications may require worker respiratory protection, such as (1) NIOSH/MSHA approved air-purifying respirators, or (2) NIOSH/MSHA approved canister/cartridge facial respirators approved for chlorine/acid vapors.
<b>Eye protection</b>	Although Neutra-Lyze is a decontaminant designed not to irritate eyes or skin, Good Manufacturing/Laboratory Practice recommends use of chemical safety goggles for all applications involving chemical handling.
<b>Protective clothing</b>	Although Neutra-Lyze is a decontaminant designed not to irritate eyes. or skin; Good Manufacturing/Laboratory Practice recommends use of chemical safety goggles for all applications involving chemical handling.

# Safety Data Sheet

## SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state	Liquid
Appearance/Color/Odour	Colorless with chlorine-like odour
Boiling point	100°C
Melting point / Freezing point range	Comparable to water
Specific gravity	1.02 – 1.06 g/ml
Evaporation rate	Comparable to water
Solubility in water	Complete
pH	6.3 – 6.7
Viscosity	21°C average: 0.9846mm <sup>2</sup> /s (cSt)
Viscosity	41°C average: 0.6346mm <sup>2</sup> /s (cSt)
Flash point	Not available
Odour threshold	Not available
Flammability (solid, gas)	Not available
Lower flammable/explosive limit	Not available
Upper flammable/explosive limit	Not available
Vapour pressure	Not available
Vapour density	Not available
Partition coefficient - n-octanol/water	Not available
Auto-ignition temperature	Not available
Decomposition temperature	Not available

## SECTION 10. STABILITY AND REACTIVITY

Reactivity	Not available
Chemical stability	Loses its level of available chlorine at high temperature and under direct sunlight
Possibility of hazardous reactions	Not available
Conditions to avoid	Avoid accidental or uncontrolled contact with acids and hydrogen peroxide
Incompatible materials	Acids and hydrogen peroxide
Hazardous decomposition products	Not available

## SECTION 11. TOXICOLOGICAL INFORMATION

Likely routes of exposure	Inhalation, ingestion, skin and eye contact
Symptoms related to the physical, chemical and toxicological characteristics	Not available
Delayed and immediate effects, and chronic effects from short-term and long-term exposure	Under normal use conditions the likelihood of any adverse health effect is low
Acute Toxicity Estimates	
LD50 of product	Undetermined
LC50 of product	Undetermined

## SECTION 12. ECOLOGICAL INFORMATION

Not available

## SECTION 13. DISPOSAL CONSIDERATIONS

Not available

# Safety Data Sheet

## SECTION 14. TRANSPORT INFORMATION

Not available

## SECTION 15. REGULATORY INFORMATION

Drug Identification Number (DIN): 02449536

## SECTION 16. OTHER INFORMATION

SDS prepared by	Envirowise Solutions Inc.
Date of preparation	May 18, 2016
	Neutra-Lyze was developed to be a less hazardous antimicrobial agent than many of those agents now in use.

Date of latest revision	December 18, 2020
